

## Directions to Applied DNA Sciences:

From South: Take Nicolls Road North up to first entrance to Stony Brook University. Take a right at the light onto Health Sciences Drive toward the Hospital. Go through three traffic lights (past the hospital and its parking garage). Take a left into the incubator and right into the side parking lot. Drive through the gate and park. Please place a paper on your dashboard that says "Applied DNA Sciences". Enter the building through the rear door and you will be escorted to the meeting room.

From North: Take Nicolls Road South down to first entrance to Stony Brook University. Take a left at the light onto Health Sciences Drive. Take first right into the incubator and right into the side parking lot. Drive through the gate and park. Please place a paper on your dashboard that says "Applied DNA Sciences". Enter the building through the rear door and you will be escorted to the meeting room.

Please note that this road used to be named "East Loop Road" and some GPS units and Google Maps (below) still use this name.
