

USGBC - LONG ISLAND CHAPTER

OVERVIEW

USGBC - LONG ISLAND CHAPTER

MISSION STATEMENT

To mirror and advance the core purpose of the U.S. Green Building Council locally; to transform the way buildings and communities are designed, built and operated, enabling an environmentally and socially responsible, healthy, and prosperous environment that improves the quality of life.

USGBC - LONG ISLAND CHAPTER

COMMITTEES

- Advocacy
- Communications
- Education
- Emerging Green Builders
- Finance
- Gala
- Green Incentives
- Green Schools
- Green Technology
- Healthcare
- LEED for Residential
- Membership
- Programs
- Resource Development

USGBC - LONG ISLAND CHAPTER

WHAT IS A GREEN BUILDING?

Design and construction practices that meet specified standards and minimize many of the negative impacts of buildings on their occupants and on the environment.

USGBC - LONG ISLAND CHAPTER

LEVELS OF LEED

Green buildings worldwide are certified with a voluntary, consensus-based rating system.

Level	Points
Certified	40-49 Points
Silver	50-59 Points
Gold	60-79 Points
Platinum	80+ Points

USGBC - LONG ISLAND CHAPTER

LEED WORKSHOPS

LEARNING OBJECTIVES

- Describe green building and the role of USGBC and LEED
- Recognize the intents of each LEED credit category
- Explain key sustainability terms and concepts
- Identify green building best practices
- Examine cutting-edge examples
- Explain cost considerations
- Recognize your role in green building

SHOW ME THE MONEY

Long Island companies are using an integrated design approach to achieve four things at once.

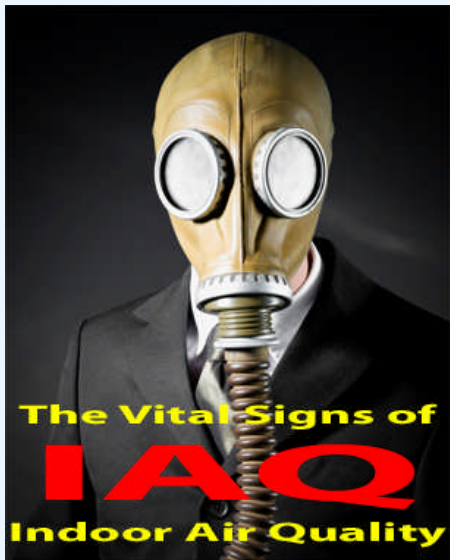

- Major Energy Savings
- Significant Utility Rebates
- Substantial EPC Act Tax Savings
- LEED Certification

USGBC - LONG ISLAND CHAPTER

INDOOR AIR QUALITY

- Acoustics
- Daylighting
- Environmental, Tobacco & Smoke
- Ventilation
- Filtration
- Material Selection

USGBC - LONG ISLAND CHAPTER

SUSTAINABLE ORGANIZATION

- IT Inside Your Company
- Data Center Technology
- Document Management
- Business Operations
- Building Controls
- Human Factors
- Logistics and Supply Chain
- Renewable Energy Sources
